14, Reno No. 19 and Patriarch Military
No. 2, Rebekah to be in full uniform.
Music will be furnished by Roff's fall
orchestra.

For the Mint.

Ex-Governor Kinkead has been favor-
ably mentioned for the Superintendence
of the Carson Mint under the new Ad-
ministration. The Eureka Sentinel
hopes he will get it, saying: "John
Henry Kinkead is a gentleman under all
circumstances. He may not need it,
and again he may. He has a large bill
pending in the Court of Claims at Wash-
ington which he should recover. It be-
does not he entitle to something else.
He merits high consideration at the
hands of his party on the score of intel-
ligence and gentility. The vacancy oc-
curs in the Mint about April 1. We
hope the ex-Governor will April fool all
the other applicants by getting it."

Wedding Cards.

Several personal friends of the coming
groom are in receipt of elegant wedding
cards announcing the marriage of Miss
Florence Wolf, of San Francisco, to
Isidore Levy, of Winnemucca. The
event is to be solemnized at 8 o'clock
Wednesday evening January 16, 1889,
at 1807 Geary St., San Francisco. A
reception will be tendered at Union
Square Hall, 421 Post street, S. F.

Adelaide Copper Mine.

The Silver State says the Adelaide
Copper Mining Co., of Golconda, ex-
tended their shaft five feet last week.
The prospect is very favorable, the rock
containing from ten to twenty-five per
cent copper, and from ten to forty dol-
lars in gold and silver.

INTENTIONS OF THE UNION PACIFIC.

Surveys Made for a Line From Ogden
to the Pacific Coast—The Projected
Route.

The New York Herald asserts that the
Union Pacific engineers are actively en-
gaged in looking up routes for an exten-
sion from Ogden west to the Pacific
Coast.

They have prepared reports on the
advantages of both the Fredonia and
Beckwith passes through the Sierra Ne-
vada mountains, the former being the
more favorable.

The surveyors, instead of following
the usual course, through the Fredonia
pass from Mountain Meadows, turned
more to the west and around to Bridge
creek.

On this route the country is compara-
tively level and well timbered. It opens
up a new country and does not parallel
the Central Pacific line.

It continues to Madeline plains, six-
teen miles distant, and turns northward
to the south fork of the Pitt river, in
the southern part of Modoc county.

From this point the route will be
down the valley to Alturas, whence one
spur will run north to Oregon and an-
other southward to the northern end of
the Sacramento valley, probably along
the north fork of the feather river to
Oroville. It is the intention of the com-
pany to complete the line to San Fran-
cisco.

RAILWAY MAIL SERVICE.

The Rules by which Appointments
Will be Governed Hereafter.

The Civil Service Commission has
made public the rules to govern the
Railway Mail Service, which was re-
cently placed under the control of the
Civil Service law by the President. All
employees will remain in the service un-
til removed for cause, or as they die or
resign, unless all come under the Civil
Service rules except the General Super-
intendent and Assistant Superintendent.

The examination for appointment will
consist of the regular Civil Service ques-
tions, with additions relating to the
railway mail systems in the State or
Territory where the applicant resides.

Examining boards will be placed in each
railway mail division, and vacancies
will be filled from eligible candidates in
the States where the vacancy occurs.

The applicant must pass the examination
by at least 70 per cent, to be eligible.
All applicants must be between eighteen
and thirty-five years of age to be eligi-
ble, except in the cases of honorably
discharged soldiers or sailors not dis-
abled, who will be examined regardless
of age. Appointments will be recom-
mended by the division superintendents
from the lists of eligible candidates.

Growing Town.

Notwithstanding the fact that Wad-
sworth has been generally regarded as a
place that had no future the place is
steadily growing and building up in
population. There are now eight or ten
buildings being erected. A new church
and comfortable school house are num-
bered among the new buildings that have
come into existence within the past year.

The place has considerable agricultural
backing aside from the support it re-
ceives from the railroad machine shop,
and as its farming resources are devel-
oped the town will feel the magic touch.

Mrs. Crocker's Donation.

At a public installation Thursday
night at Sacramento, Cal., of the officers
of Lincoln Relief Corps, No. 3, Women's
Relief Corps, Mrs. Lizzie J. A. Kline, the
Past National President of the Women's National
Relief Corps, received and read a dispatch from Mrs.
Charles Crocker, announcing that she
had donated \$1,000 to aid the corps in
the erection of a home at San Jose for
the army nurses, widows, destitute
wives and orphans of soldiers of the
late war.

Gone to Portland.

The Eureka Sentinel says:
Our old townsmen, Fred H. Hinckley,
has gone to Portland, Oregon, to
reside permanently. He lately paid a
visit to his old friend Dr. Thoma, at
Reno, and was anxious to remain in the
Sagebrush, but finally concluded to seek
his fortune in the land of the webfoot.
He gave up Nevada with deep regret.
So does every one who is compelled to
leave. But business opportunities are
scarce in this State and one by one the
oses fade—and leave.

Dainty little globules,

Fine, and white and sweet,

Easy to swallow;

In their work, complete.

No discomfort waiting—

Luxuriant, or aching.

What are they? Why, Pierce's Pleasant
Purgative Pellets—the perfection of
laxatives. Contain not an atom of
mineral poison; are especially appre-
ciated by those whose taste revolts from
the coarse, violent pills, which tear
their way through the system like steam
cars, actually doing harm, instead of
good. Of druggists.

Dr. Pierce's Favorite Prescription
cures "female weakness" and kindred
ailments.

Battle Mountain Teacher.

Rumor has it that Grant King, of
Virginia City, will be the next teacher in
Battle Mountain.

STALWART STEWART.

Nevada's Senator Declares the New
Pro-Chinese Labor Agitation.

WASHINGTON, January 6th.—Senator
Stewart was asked to-day by your cor-
respondent what he thought of the agita-
tion by the leading Democratic news-
papers of San Francisco for the admis-
sion of the Chinese, after the doors have
been practically closed against them by
Congressional legislation. The Senator
replied:

"I think it very foolish and inconsis-
tent, and will not receive the approbation
of one person in one hundred on the Pa-
cific Coast. Very likely there is some
temporary inconvenience occasioned by
the exclusion of the Chinese. It breaks
a labor system long established, and of
course is temporarily embarrassing to
the fruit-growers, railroad builders and
others who have relied upon Chinese
labor. Such difficulties will soon pass
away. There will soon be an abundant
supply of white labor to take the places
of the Chinese when they are gone. White
men are unwilling to emigrate to
California to labor in competition with
the Chinese, but when the field of labor
is opened by the removal of the latter
there will be an increased immigration
of white men who will build up this
country, establish homes, and maintain
American civilization. If no Chinese
had ever come to the Pacific Coast, the
white population would have been more
than double what it is to-day. No part
of the United States, or any other country
under the sun, is so inviting to the
industrious and enterprising immigrant
as California. The climate is more
healthy and the soil more productive
than any other section of the United
States. When the water available for
irrigation is utilized there is room in
California for a vast population. Twenty
millions of people could live and prosper
in that State if her natural resources
were available. The whole Coast will soon
see the effects of excluding the Chinese
by the coming of large numbers of desir-
able persons to become citizens, largely
from the older States where the climate
is more rigorous, the soil less produc-
tive, and the advantages for obtaining
the comforts of life far less abundant.
To again open the gates to Chinese im-
migration would be most disastrous. It
would be the permanent dedication of
the fairest section of the United States
to a race that would necessarily exclude
Anglo-Saxon civilization and maintain
the semi-barbarous institutions of
China."

"THE WORLD AGAINST HER."

Last Night's Success of the Grismer
Combination.

A very large audience greeted Joseph
Grismer and Phoebe Davies at the Mc-
Kissick Opera House last evening in
"The World Against Her." The welcome,
after an absence of a year and a
half, was most cordial and hearty.
"The World Against Her" is a melo-
drama of considerable strength, and the
situations are full of force and effect.
Here and there one catches a glimpse of
a bit from a play he has seen before,
but the interweaving is very well done.
The fact that the story is not wholly
new does not detract from the merit of
the production. The attractive force of
the play lies in its strong domestic
incident growing out of a wife's love while
suffering under circumstances that
point to her infidelity. This and the
mother's love, her struggles to recover
her child, the plotting of the villain
and the kindness of the show people
are the elements making up the play.
Mr. Grismer, as James Carlton, came up
to his usual high standard. He has an
excellent part for the display of his ac-
knowledged abilities, and did most ef-
fective work. He was loudly applauded
in every scene. As the wronged wife,
Madge Carlton, Miss Davies achieved an
undesirable success. Paintstaking in all
she attempts, intelligent in her concep-
tions and talented to a high degree, her
successes are reached as a matter of
course. Last night in a number of her
scenes she affected a large number of
the audience to tears. The company
that are supporting Mr. Grismer and
Miss Davies are as a whole the best we
ever had in Reno. They play Gar-
son to-night, opening in Clay M.
Green's latest New York hit "For-
given."

Soon to Appear.

The next attraction at the McKissick
Opera House will be "Under the Lau-
rels" by the Parlor Dramatic Co. This
promises to be a splendid amateur per-
formance. It will be given for the ben-
efit of a public library in Reno. If
Reno wishes to be considered the Athens
of Nevada it should have a good library
and now is a good time to organize one.

Teachers' State Institute.

It is generally conceded that State
School Sept. Dorsey will convene the
State Teachers' Institute in Virginia
City next April.

Carson will contain quite a number
of disappointed office seekers to-mor-
row. They can not all get positions in
the Legislature.

What Am I to Do?

The symptoms of biliousness are un-
happily but too well-known. They dif-
fer in different individuals to some ex-
tent. A bilious man is seldom a break-
fast eater. Too frequently, also, he has
an excellent appetite for liquids but none
for solids of a morning. His tongue will
hardly bear inspection at any time; if it
is not white and furred it is rough at all
events.

The digestive system is wholly out of
order and diarrhea or constipation may
be a symptom or the two may alternate.
There are often hemorrhoids or even
loss of blood. There may be giddiness
and often headache and acidity or
flatulence and tenderness in the pit of
the stomach. To correct all this if not
effect a cure try Green's Angost Flower;
it costs but a trifle and thousands attest
its efficacy.

Advice to Mothers.

Are you disturbed at night and broken
of your rest by a sick child suffering
and crying with pain of cutting teeth?
If so, send at once and get a bottle of
Mrs. Winslow's Soothing Syrup for
Children Teething. Its value is incal-
culable. It will relieve the poor little
sufferer immediately. Depend upon it,
mothers, there is no mistake about it.
It cures dysentery and diarrhoea, relax-
es the stomach and bowels, cures wind
colic, softens the gums, reduces inflam-
mation, and gives tone and energy to
the whole system. Mrs. Winslow's
Soothing Syrup for Children Teething
is pleasant to the taste, and is the
prescription of one of the oldest and
best female nurses and physicians in
the United States, and is for sale by all
druggists throughout the world. Price
25 cents a bottle.

250 Beautiful Lots For Sale!

A RARE CHANCE FOR INVESTMENT AND A HOME

THE MOST LOVELY PORTION OF RENO.

Facing the Truckee—The Aristocratic Riverside Avenue Driveway—Splendid Sewerage—Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the Tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.

RENO

Reno's geographical position is excellent. It is on the line of the Central Pacific Railroad, only 154 miles from Sacramento, and 244 miles from San Francisco. It is the terminus of the Virginia and Truckee Railroad running south, and of the Nevada and California Railroad running north. It has two Flouring Mills, Planing Mills, three Nurseries, a Soap Factory, Reduction Works, and other industries. A great Woolen Mill and a Sash, Door, Blind and Box Factory, are about to be established.

Reno has the Bank of Nevada with \$300,000 capital, and the First National Bank with \$200,000 capital. It has two fine papers in the DAILY and WEEKLY NEVADA STATE JOURNAL and the Daily and Weekly Gazette.

Reno is the natural home of the Alfalfa, and therefore the great cattle headquarters of the State. Here are fed the prime beef for the California market. Reno potatoes are the best in the world, and she also excels in Strawberries and the small fruits. Reno Wheat took the first prize at the great New Orleans Exposition.

The State Fair is always held at Reno.

Reno is the County Seat of Washoe County, the wealthiest county in Nevada.

RENO

Has no equal in Nevada or California for salubrity of climate, wealth of soil, diversity of products and stability. Situated in the very heart of the celebrated Truckee Meadows the future of Reno is assured. Reno is the City of Homes. There is not a house to rent in Reno. New buildings are occupied as fast as erected. Reno has advantages which no other town can equal. The climate is mild and genial in Winter, and even and healthful in Summer. There are no excessively heated or severely cold terms, and while the days may be warm in Summer the nights are deliciously cool; in Winter sleigh-riding is the exception and not the rule.

Facilities for irrigating surpass any in the State, and there is no failure of crops. Reno has Churches of all denominations, Bishop Whitaker's School for Girls, Mt. St. Mary's Academy, the State University, and splendid Public Schools.

The Reno Water Co. furnishes ample pure, cold water for all purposes. The Reno Electric Light Co.'s electric light system, already well established, is being augmented. The Reno Gas Co. supplies gas for all purposes. The streets of Reno are lighted by electricity.
